

One Series Kingmaker Fuzz

Product # SA245

Inside the Kingmaker Fuzz's compact enclosure live the sizzling tones of over 50 years of fuzz and overdrive technology. On its own the Kingmaker features three killer fuzz tones including a highly saturated yet articulate fuzz for violin-like lead tones and pummeling rhythm, a responsive fuzz that cleans up nicely with reduced input signal, and an octave circuit that unleashes a screaming, octave fuzz in the style of vintage Octavio pedals. Connect the Kingmaker to the Neuro Desktop Editor or Mobile App (free download for iOS, Android, Mac, and Windows) and access a massive collection of additional overdrive, fuzz and distortion tones with extended parametric EQ capabilities, stereo routing options, and internal stacking functionality.

One Series Kingmaker Fuzz Features & Specifications

- **3 Fuzz Circuits:** *Heavy* – A highly saturated fuzz for violin-like lead tones / *Normal* – An intense fuzz that cleans dramatically with reduced input levels / *Octave* – based on the vintage Octavio pedal.
- **Stereo Input and Output jacks** – Useful for relaying stereo effects or signal splitting.
- **Universal Bypass** — Select either analog buffered or relay based true bypass.
- **MIDI Capable** — Connect the Kingmaker Fuzz to the Neuro HUB and enable its MIDI functionality. Save up to 128 user presets, accessible via MIDI program change messages. Assign Hot Hand and expression control to any knob parameter.
- **Neuro Mobile App. (for iOS or Android)** – Connect your mobile device directly to the pedal for access an extended equalization possibilities. Save and download customized effects to the pedal and share them with other One Series owners. Connector cable included with pedal.
- **Dual Processing** – Dual processors and dual Inputs and Outputs make it possible (via the Neuro App) to split one signal and apply a different fuzz circuit to each output or blend two fuzz circuits to a single output.
- **Download Additional Distortions** – Choose from Source Audio's free library of overdrive, fuzz, and distortion algorithms. Download them directly to your Kingmaker Fuzz via the Neuro Mobile App.

- **Expression Control** — Connect the Hot Hand 3 Wireless Effects Controller, the Source Audio Dual Expression Pedal, or the Reflex Universal Expression Controller via the 1/8" Control Input port for external control of any knob parameter.
- **USB port** – connect the Kingmaker Fuzz to Mac or Windows systems for simple firmware updates.
- **Brushed anodized aluminum housing** - Dimensions: L: 4.5 in./11.4cm x W: 2.75 in./7cm x H: 2 in./5.1cm (including knobs)
- **Includes 9v DC power supply** - 300mA / Negative tip / Pedal draws 150mA.
